DETAILED ACTION

1. The rejection of claims 10-15 and 30 under 35 USC § 112, second paragraph set forth in the previous Office Action (mailed on 26 August 2005) has been overcome and is withdrawn.

Terminal Disclaimer

2. The terminal disclaimer filed on 28 November 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent 6,537,475 B1 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Double Patenting

3. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

4. Claims 1-30 are provisionally rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1-30 of copending Application No. 10/443,812. This is a provisional

Art Unit: 1732

double patenting rejection since the conflicting claims have not in fact been patented.

Response to Arguments

5. Applicant's arguments filed on 28 November 2005 have been fully considered but they are not persuasive.

6. Applicant states (page 1) that the inventor intends to abandon copending Application No. 10/443,812. Examiner responds that as of the current date, Application No. 10/443,812 is still pending and has not yet been abandoned.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
